Day 1

COVID-19 Update

Some of the events, experiences, and attractions listed here may be offering modified services at this time.

Please note that all hotels, events, experiences and attractions are following Alberta Health Services COVID health and safety guidelines.

Due to the COVID-19 pandemic, please consult the provincial and national regulations before planning a visit to Edmonton.

Welcome to Edmonton!

Welcome to Edmonton. We throw axes for fun, barbecue in blizzards, run with dinosaurs and camp with bison. From the continent's first, biggest and wildest Fringe Theatre Festival to a shopping mall that at one time had more submarines than the Canadian navy, Edmontonians have never been afraid to do things a little differently. Normal is for the other guys.

Why is Edmonton different? There are theories. Maybe it's our northern home, where for years we've learned to make our own fun. Perhaps it's our legacy of entrepreneurs dreaming up oddities: deep freezer races, winter patios and surfing indoors. Perhaps it's the foundation of natural beauty, from which we've built something great. Take your taste buds on a journey to some of the hottest craft beer taprooms and hyper-local bistros, experience the glory of the northern lights from our dark sky preserves, or cruise through North America's largest stretch of urban parkland. There's a uniqueness to how Edmontonians do ordinary things, and we welcome you to be a part of it.

Breakfast at Little Brick

Little Brick is a charming cafe in an old brick house built in 1903 in the heart of the river valley. Here you can enjoy a fresh cup of coffee and one of the best eggs benedict in town. Whether you find a spot in the living room, dining room, or in the backyard, you'll feel like you're sitting in an old friend's home.

Little Brick

10004 - 90 Street NW, Edmonton, AB, CA, T5H 4P4
7807051230

Little Brick is a charming cafe in an old brick house built in 1903 in the heart of the river valley. It's the former family home of J.B. Little, the owner of the brickyard that used to call the area home and provided bricks to Edmonton's most historical buildings (a replica of J.B. Little's Brickyard is set up on 1920 street at Fort Edmonton Park). The house is now a cafe, general store and event space with offices upstairs.

Walk into the neighbourhood off the river valley trails and make yourself at home with a coffee and artisanal sandwich in hand (on freshly baked bread!). Browse the general store shelves stocked with locally made delights such as housewares, body products, high quality cooking/baking ingredients, greeting cards, and basic groceries like eggs and milk. Whether you find a spot in the living room, dining room, or in the backyard, you'll feel like you're sitting in an old friend's home.

Grab a famous sandwich to go at Farrow Sandwiches

Much like their sister restaurant, Three Boars, Farrow focuses on using local ingredients, and bringing in some of the best coffee from independent roasters from all over the world. They created a menu that is always changing and evolving. In the first 10 months they were open, they served over 100 different sandwiches. This is a shop that has taken on its own personality. A little 3 seater that likes its music loud and its food fun.
