TELUS WORLD OF SCIENCE

JAMES CAMERON CHALLENGING THE DEEP EXPERIENCE

Step inside a giant laboratory and come face-to-face with small sea creatures, learn to program a robot and explore the limits of outer space when you visit TELUS World of Science – Edmonton. With five fun and exciting permanent exhibit galleries to explore, there is something for the whole family to discover.

Immerse yourself in an underwater world in an exhibition that traces explorer and filmmaker James Cameron's passion for deep ocean science, technology and exploration, including material on his record-breaking dive to the bottom of the planet in the DEEPSEA CHALLENGER, the submersible he co-designed and co-engineered. Experience how James Cameron's passion for understanding and exploring the ocean has shone a light on one of the most important and least explored parts of the Earth. The exhibition immerses you in an underwater environment using cinema-scale projections, artifacts and specimens from his expeditions.

EDMONTON REGIONAL HELICOPTERS

RIVER VALLEY SCENIC TOUR

Your adventure begins at the Executive Flight Centre at Edmonton International Airport. You'll feel like a celebrity enjoying a drink in the private lounge while you wait for your personal chopper. Before you know it, poof! You're high above the city! Within minutes of departure, you'll follow Edmonton's river valley as it winds its way to the city's core. Passing over parks and golf courses, you'll follow the North Saskatchewan River west to lake country. Here, "getting away from it all" takes on new meaning as the colourful landscape reveals a new personality in every season.

Edmonton Regional Helicopters specializes in helicopter services and charter operations 12 months of the year throughout the central Alberta region.
