

ONE THING'S FOR SURE - IF YOU'RE LOOKING FOR AN UNFORGETTABLE EXPERIENCE, YOU'LL FIND IT IN EDMONTON.

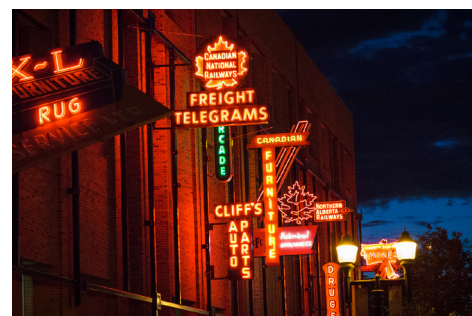

Edmonton means long days, thirst-quenching patios, and seemingly endless festivals. Bust out your shades, or snowpants, and check out the multitude of festivals and events all year round. You'll need to start your day early because the endless experiences will keep you busy until the late hours of the night!

Festivals:

Winter or summer, festivals in Edmonton are legendary. Perhaps it's our legacy of entrepreneurs dreaming up oddities, or we've just learned to make our own fun in the cold winter months. Either way, with the amazing festivals that happen year-round there is no shortage of excitement.

Ice District:

A dream nearly a decade in the making, Edmonton's ICE District will be Canada's largest mixed-use sports and entertainment district and a year-round attraction for sports fans, concert-goers and shoppers. It's much more than a state-of-the-art arena. It's a place to gather and celebrate.

Rogers Place:

Home to the Edmonton Oilers and Oil Kings, Rogers Place is known for its boisterous crowds and die-hard fanatics. Experiencing a hockey game at Rogers Place is unlike any other arena you've been to before. And when hockey is your religion, having McJesus on your side doesn't hurt.

Telus World of Science:

The Zeidler Dome has been re-imagined! The new theatre is a 21st-century digital visualization theatre, connecting scientific research with computer visualization and 10k resolution to help us understand how the universe works! You'll be able to view the night sky and northern lights like never before.
